The 2015 NSPE-CO Awards Recognizing Excellence In Engineering

Sponsoring the 2015 NSPE-CO Awards is an excellent way to support excellence in the Colorado Professional Engineering Community.

In 2014, NSPE-CO introduced an awards program designed to recognize excellence in the Colorado Engineering Community. Awards were presented to individuals in five categories.

In 2015, Awards will be expanded to include company based awards, including recognition of excellence in Public Sector Projects, Private Sector Projects, Sustainability and Innovation. Entries will be solicited beginning in January, 2015. Evaluation of entries will be made by a selection committee of distinguished Professional Engineers and Awards will be presented at a banquet on Thursday, July 30th, 2015.

GOLD SPONSORSHIP (Up to three available) \$1,500
